SYNOPSIS

In this lyrical, atmospheric interpretation of Peter Pan, Jeremy Bloom strips the familiar story down to its emotional essence. Peter lures Wendy away from her nursery to the magical world of Neverland, where she joins his adventures with Tinker Bell, Tiger Lily, and the menacing Captain Hook. This inventive adaptation pays homage to the darker themes of J. M. Barrie's original; Peter/Wendy will mesmerize audiences of all ages.

Director's Note

Peter/Wendy is a story about the tension between childhood and growing up, about the magic we hold onto and the things we must leave behind.

In this production, we explore Neverland as a world within Wendy's imagination—one she creates to make sense of the changes happening in her life. Here, Peter, Tinker Bell, Hook, and the Lost Boys aren't just figures of adventure; they are parts of Wendy herself, representing the fears, desires, and dreams that accompany the journey into adulthood.

By stripping the story down to its essence, we invite you to step inside Wendy's mind, where reality and fantasy blur. The play is fluid, much like the memory of childhood—fleeting, whimsical, and aching with nostalgia.

As you watch, I encourage you to think back to your own Neverland, to the moments when you felt the pull of both adventure and responsibility, of innocence and wisdom. Perhaps, like Wendy, you'll find that growing up doesn't mean letting go of the magic—it just means learning how to carry it with you.

Welcome to Neverland,

Brennan Ashley
